Welcome to our Autumn Newsletter!

Right, we've some important news (all good) to tell you about. Cherwell District Council has finalised the improvement works at Trow Pool.

The work will start on 18/10/04, take about two weeks to complete and will include:

- 1) strengthen of the existing bridge with a steel sub structure
- 2) clean outlet under bridge
- 3) replace section of timber edging posts along poolside
- 4) lay a section of stone path near weir
- 5) repair the fishing platform and
- 6) fit new handrails to walkway along bridle path.

There is also the weir to fix and this work will come later as will the removal of some trees.

Please be patient while they carry out these improvements as there will be some disruption and noise. You may also need to fish away from the working area.

However, the end result will improve your fishing! We'll put up signs at Trow Pool explaining about these improvements, but if you need any further information please contact us.

There's a Trow Pool web site under construction and due for roll out by the end of the year. Once it's complete we'll let you know the address as it will enable us to reach a much wider audience!

The web site will include amongst things the following:

- * Album of your catches
- * Fishing tactics
- * Beginners guide
- * Link to Newsletter
- * Competitions
- * Events and news
- * Trophies and gifts
- * Permit details
- * General photos
- * Glossary of fishing terms
- * Statistical data on catching carp
- * Links to other relevant sites
- * Our contact details

Basically, it will be a tool for you to use and access so watch this space! Access will be free but to enter the competitions and some other items you'll need to be a member.
